Elizabeth from the USA at our school

Erstellt am 03. Dezember 2023.

Elizabeth is from Minnesota. First some information about the state of Minnesota:

In Minnesota the winters are very long. Winter usually starts in November and ends in March.

During the wintertime, the people from Minnesota do many winter sports because they have so much snow. Ice hockey is the most popular sport in Minnesota.

It's very hot in the summer. Sometimes it is over 30 degrees.

Something special about Minnesota: It has 2 "sides". The "lake side" has many lakes and trees. The "grass side" has a lot of grass. Below is a river that flows through Minnesota that is called Mississippi.

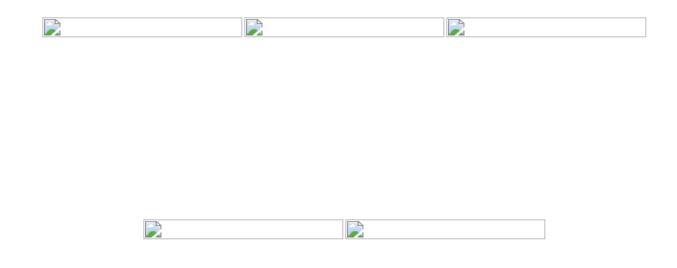

Now something interesting about colleges: The colleges in the US are very expensive - 25.000 \$ per year. Elizabeth's college is very popular. It has a big sport stadium.

And now follows some information about Elizabeth's family: She has a big brother and little sister. She also has a very old grandma, and naturally, there are her parents named Paul and Colleen. And their dog, Buddy.

We hope now you know much about Elizabeth.

Best wishes, Hedi and Carlotta (6b).

[Anmerkung: Elizabeth Jensen ist unsere Fremdsprachenassistentin für das Schuljahr 2023/2024.]
